Academic Scholarship Renewal Information and Application

Students who have previously won a Humphrey J. Amedeo, Jr. Foundation scholarship from the Westerly Airport Association, and are currently attending a post secondary institution, or apprenticing under an IA, are eligible to apply for a single renewal of their scholarship award.

- As with the initial award, this renewal is available to students pursuing post-secondary education toward an aviation or aero-space related career, such as flight crew, aircraft maintenance, aeronautical or astronautical engineering, airline or airport operations and the like.
- Applicant must have permanent residence in New England, preferably southern Rhode Island or Southeastern Connecticut. The committee understands you may have moved to pursue aviation related career goals, please explain your future intentions related to aviation in New England.
- WAA Aviation Scholarship recipients may apply for one renewal of the scholarship. To do so, please fill out the renewal application below, providing updated transcripts demonstrating success, current recommendations of professors or mentors, and updated financial need.
- Application should be accompanied by a one-page essay composed by the student. This essay should demonstrate the student's qualifications for this scholarship renewal, including recent aviation related activities and accomplishments, as well as goals and plans.
- WAA Academic Scholarships are awarded based on motivation, character, academic excellence, financial need, the student's essay, and at least one recommendation(s) of his/her professors(s) or mentor(s).
- Application must be emailed by midnight March 31, to be considered for the year's awards. Questions about the applications should be emailed to ltadore@hotmail.com or dastumpf@gmail.com.

Candidates' applications will be reviewed and the winners selected by the WAA Scholarship Committee. Awards will be based on the above criteria.
